HAWLEY LOOKS OVER STRIKE IN NORWALK

Strike Peaceful and Local Norwalk Police Have Handled it Without Difficulty.

Visit Was Upon Invitation of Crofut and Knapp, Large Manufacturers—Sheriff Was Accompanied by Deputies Stagg and Scofield.

South Norwalk, March 12.—Sheriff Sidney E. Hawley, of Bridgeport, and two of his deputies, Charles E. Stagg and H. G. Scofield, who is the jailer at the county jail in North avenue, came to South Norwalk, yesterday afternoon, at the request of the Crofut & Knapp Hat company, to look over the situation in connection with the strike of the hat makers and to see that the laws are enforced.

When interviewed on the visit, last evening, in Bridgeport, Sheriff Hawley said: "I have no more right down here than anybody else in the first place. If the police should find themselves unable to cope with any situation and the authorities should ask my help, I could assist."

"However, I was urged to come and look the situation over, and I went. Messrs. Stagg and Scofield were at the shop when the crew was dismissed for the day and they state that they saw nothing that calls for intervention and as far as I can learn, as a whole, the strike has been very peaceful and nothing but what the police can readily handle."

Asked if he or his men would come down again, Sheriff Hawley said they would not come down unless circumstances arose which caused the officials to invoke the aid of the county officials.

LUDLUM NEW PRESIDENT OF UNIVERSITY CLUB

Annual Meeting and Dinner to be Held Tomorrow Evening.

Two Noted Guests Who Will Speak at the Banquet are McElroy and Kerr.

The annual dinner of the University Club to-morrow night, will be presided over by Judge Carl Foster, and the principal speakers at his disposal will be Prof. Robert M. McElroy of Princeton, Mr. Walter C. Kerr, president of the Westinghouse, Church, Kerr Company, and Rev. John DePeu, pastor of the First Congregational church. Judge Foster will probably follow the usual custom at these dinners of calling on many club members who are witty and interesting speakers.

The annual club meeting will be held at the same time as the dinner, so that a few feeling remarks may be expected from the officers elected for the next year. Mr. J. Ludlum will be the next president, Mr. N. W. Bishop the vice-president, while Mr. W. A. Kinsman and Mr. Elbert Marsh will be re-elected as secretary and treasurer, respectively.

The University Club has now become a fine, prosperous institution. Its membership has increased enormously since the last annual meeting, so there is every reason for rejoicing at this time, and this will excel all the others, which is claiming considerable. These dinners, in the past, have been in a class by themselves in the club life of Bridgeport.

The University Club's prosperity is due to careful management and the foresight which prompted selecting greater facilities in its present club home.

LECTURE AND CONCERT AT ST. CHARLES' HALL SUNDAY EVENING

As the fitting celebration of St. Charles' church for the patron saint of Ireland, a sacred concert and lecture will be given next Sunday evening, March 14, in St. Charles' hall. The lecture will be delivered by Rev. T. P. Sweeney of Fall River, Mass., and his subject will be "Ireland's Struggle for the Faith."

No subject perhaps experts on the loyal Irish heart so fascinating an interest as the bitter struggle in the old country to maintain the Catholic faith. That struggle, too, has been allied to the struggle for national independence, and while it did not constitute the successful issue of national freedom, it always refused to bend a servile neck to the yoke of an alien religion.

A lecture on the penal disabilities under which disfranchised Irish Catholics labored is full of absorbing interest, and Father Sweeney will bring to this lecture an accuracy of facts, a fluency of speech, a vivid portrayal of these penal times, and an eloquent delivery which will charm the ear of sympathetic hearers. A large crowd is expected. A fine program of Irish melodies has also been arranged.

Girl Babies in Lapland.
In Lapland as soon as a girl baby is born and has been duly rolled in the snow—a ceremony which seems to take the place of baptism—she is dowered by her father with a certain number of reindeer, which are branded with her initials and kept apart as her special property. In proportion as they increase and multiply does her chance of making a good match improve.

LOS ANGELES' MAYOR IS DOWN AND OUT

Withdraws His Name from Ballot in "Recall" Election.

(Special from United Press.)

Los Angeles, Cal., March 12.—City officials and politicians generally are in a state of turmoil to-day and wholesale resignations are looked for as a result of the activity of the reformers who are still very much in evidence. Elated with their success in forcing Mayor A. C. Harper back into private life, he having announced that he is not in a position to fight the recall petitions which were filed and which, under the city charter compel another election, the men who are declaring for an "initial city government" insist they will get after others who have failed as office holders to satisfy them.

Mayor Harper would add but little

to his announcement of last night that he has withdrawn his name from the ballot in the coming election. "I am down and out," he said, "but while I have made mistakes it has been indiscretion rather than a desire to do any wrong. During the two years I have been mayor I have never taken a dollar in graft and the city has never lost a dollar by me either directly or indirectly. Why, when I was elected I had \$200,000 and to-day I am absolutely broke and I spent my money advancing the interests of my city."

The chief reason for Mayor Harper refusing to fight the recall matter was the exhibition of a picture of himself and Edward Kern, his commissioner of public works, with their companions snapped by agents of the reformers on a trip to San Francisco. Just who were in this picture does not appear and Mayor Harper, while insisting it did not in any way compromise him, stated that he was "too weary to attempt to make examinations what would not be understood."

The Bijou.

To-day and to-morrow the Bijou presents a high class bill of moving pictures. A Winter Carnival at Canada

Just Released To-day. The Iron Worker, a high class melodrama. Little Civil, the runaway. A fine story of A Little Boy's Devotion to His Mother. He Can't Lose Willie's Ma, a scream of a comedy. Anthony and Cepatra, a grand spectacular and historical picture. Mr. George Bly is singing and has made a big hit with "No One Knows the New Song Hit." Four reels, 4,190 feet of the finest pictures in the business. Come early and insure a good seat. Always crowded at the Bijou, the biggest and best.

PHYSICIANS ARE

NATURALLY PREJUDICED against proprietary or advertised medicines, as the sale of these remedies decrease their incomes.

However this may be, the general public is benefited by the use of such standard medicines as Lydia E. Pinkham's Vegetable Compound, with its wonderful record of thousands of cures among suffering women. We are very glad to say, however, that there are hundreds of honest physicians in the United States who do not hesitate to recommend such medicines.
